

Name: Robert Ziprick  
Incumbent  
Term: Four Years

It has been a privilege to serve on the City Council. If re-elected, I will work to accomplish the following goals:

- The Loma Linda Hills must become permanent open space.  
The hills should be protected in a city-owned preserve that cannot be sold or traded away.
- A comprehensive traffic management plan is vital.  
The city has planned major road projects including extending Evans Street to Redlands Blvd., widening the Mountain View Avenue Bridge and widening California Street. However, these improvements will not totally solve traffic congestion at rush hour. A broad-based special committee should study this major issue and recommend innovative ways to manage traffic. One possibility could be to seek passenger train service through Metrolink allowing direct access from Loma Linda to Los Angeles and other destinations.
- We should add amenities to improve our quality of life.  
Our bike/pedestrian trail system should be expanded to link all parts of Loma Linda and connect to the Pacific Ocean via the Santa Ana River Trail. We should create cultural centers to enhance the variety of activities available to residents and visitors such as a museum and art gallery.

Thank you for your consideration.
